

QUIT PAYING FOR EXPENSES YOU'RE NOT USING!

Now more than ever, credit unions need to find ways to cut costs across the board.

If you are:

- Paying minimums or base charges on your office equipment service contracts
- Seeing copier and printer usage changing due to COVID-19
- Leasing your office equipment – copiers and/or printers
- Running a Managed Print Service (MPS) program on your stand-alone printers
- Experiencing lease payments and/or service payments that are increasing year after year
- Expecting your lease to expire within the next two years
- Working with the same dealer/vendor for more than one contract term

You need to reach out to your Strategic Link partner, NuQuo Group, for a free no-obligation consultation, if you answered yes **to even one** of these issues.

WHO'S NUQUO & WHY YOU SHOULD WORK WITH US!

We are a preferred partner with the Northwest Credit Union Association (NWCUA) and Strategic Link.

NuQuo is a cost recovery consulting firm that specializes in copier and printer contract negotiations. We can save you thousands of dollars per month on your copier & managed print contracts – no matter how great of a deal you think you are getting right now.

NuQuo has been able to help other credit unions that are a part of the NWCUA achieve significant savings with our specialized negotiations experience and buying power in the copier and printer space.

Here are a few examples of what we have achieved for some of your counter parts:

CU #1 – Operating 63 branches – Saving \$3 Million over the next 5 years with new contract

CU #2 – Operating 13 branches – Saved \$78,000 and improved contract terms & conditions

CU #3 – Operating 16 branches – Saved 55% on their existing contract - See their video [here](#)

Schedule your appointment today with Bo Higby at NuQuo Group. See his calendar [here](#)
